The Benefit of Membership

Who Are We

NACM® was founded in 1896 to promote good laws for sound credit, protect businesses against fraudulent debtors, improve the interchange of credit information, develop better credit practices and methods, and establish a code of ethics.

NACM Vision & Mission

As the advocate for business credit and financial management professionals, NACM is the primary learning, knowledge, and information source.

On the national level we envision NACM as an organization that creates and anticipates change. NACM is also progressing with and through its members, providing opportunities for professional growth throughout their careers, without regard to size, industry or market position of the companies that employ them.

Our mission as an affiliate is to position business credit professionals for success and set standards of excellence in both business credit and financial management.

NACM Is Committed To:

- Enhancing, promoting and protecting the interests of business credit and financial management
- Representing business credit grantors across all of the industries
- Being a member-owned association dedicated to serve and support its members
- Research and benchmarking
- Maintaining and promoting high ethical standards

NACM-Louisiana is one of the 43 NACM Affiliate Associations in the United States.
